This is a habit, rather than a goal. It is a way of living, a different mindset, and the best way to live within your means. It doesn't mean being cheap or forsaking pleasure, but it does mean finding less expensive ways to do things, learning to live with less (and be happier in the process), and controlling impulse spending.

Handbook for Life: 52 Tips for Happiness and Productivity ...

According to a 2008 Harvard University study published in the journal Health Affairs, people who stay in school for at least 12 years tend to live longer than those who don't complete high school. The research involved an analysis of data from the National Longitudinal Mortality Study. A 2012 report from the CDC's National Center for Health Statistics went even further, finding that those who ...
