to see your success, you won't realize that you are successful and you won't be as happy as you could be. Rao only indirectly writes about increasing the material and social markers of success, i.e. how wealthy you are or how many friends you have. He stresses that we need to give less importance to these markers and to appreciate what we

And just as reaching enlightenment does not obviate the need to perform the more mundane chores of life, being ready to succeed does not obviate earning a living or making friends. You can do both but if you're not ready to see your success, you won't realize that you are successful and you won't be as happy as you could be.
