Ted Dabney in 1972 and became a pioneer in arcade games, home video game consoles and home computers. Beloved and world-renowned Atari games including Pong®, Asteroids®, Missile Command® and many others helped define the gaming industry.

Atari Games | Much more than video games

The Atari 2600, originally branded as the Atari Video Computer System (Atari VCS) until November 1982, is a home video game console from Atari, Inc. Released on September 11, 1977, it is credited with popularizing the use of microprocessor-based hardware and games stored on ROM cartridges (a format first used with the Fairchild Channel F in 1976) instead of dedicated hardware with games ...
