And to be honest, they should rather fix their netcode first and add some proper lag compensation and make multiplayer actually playable and stable once people aren't on the same network. I think before Steam Workshop is to be added, the game still has some things left to be fixed. But yeah, I also would like custom tracks & towers for sure.

Workshop is an Intermediate Track in Bloons TD 5 Mobile. Despite the name, the Track mostly consists of gears. This track was released on March 22, 2013, in the same update that the Monkey Engineer was released. This track can be hard because the gears constantly rotate the path. On this map, there are six gears and one pulley. Bloons enter from the top-left and exit from either lower exits ...

C.H.I.M.P.S. is a mode that is new in BT6; it is an acronym, short for "no Continues, Hearts lost, Income, Monkey knowledge, Powers, or Selling." This makes it a tricky mode because one must beat a game of impoppable without any bonuses, and also bars things like Banana Farms and Monkey Town from giving you any more money.

Despite this game is on Steam, even BTD5 did not receive modding support. However, you can instead suggest a daily challenge on BTD6. This game still new and receives lots of changes over time. Modding is not practical, yet... Even if it is do-able, as what I said on top, ppl gonna make broken towers that made game crash.
