## **Constructive Theology: A Contemporary Approach To Classic ...**

Constructive theology is the redefinition or reconceptualization of what historically has been known as systematic theology. The reason for this reevaluation stems from the idea that, in systematic theology, the theologian attempts to develop a coherent theory running through the various doctrines within the tradition. A potential problem underlying such study is that in constructing a system of theology, certain elements may be "forced" into a presupposed structure, or left out altogether, in o

## **Constructive theology - Wikipedia**

This course is a critical and constructive examination of classical themes and topics in theology in relation, and as a response, to contemporary problems and challenges. The emphasis is on doing theology as an imaginative and constructive endeavor in the light of the deconstructing forces of modernity and a would-be postmodern global world.
