### **Drester 9000 Gun Cleaner Manual**

The Drester 9000-TT-S combines two Gun Cleaners, one automatic and one manual, into one. They can be used as two separate Gun Cleaners simultaneously or as a working station where you start on the manual prewash side and finish the cleaning in the automatic part. This keeps the solvent cleaner and allows a good work flow.

### **DRESTER 9000-TT-S**

a manual cleaning method that has been developed together with leading paint manufacturers. The machine can be set up to fit any waterbased paint system. Drester 9000-TT is equipped with the Drester Teflon diaphragm pumps. These reliable pumps have an outstanding performance and deliver a high volume of solvent at low pressure. This makes the machine efficient and ensures minimal loss of solvent. Drester 9000-TT requires minimal service.
