Conditional forms are used to imagine events in certain conditions. The conditional can be used to speak about real events that always happen (first conditional), imaginary events (second conditional), or imagined past events (third conditional). Conditional sentences are also known as 'if' sentences. If we finish early, we will go out for lunch.

Conditional Forms and Sentences in English
In English, most sentences using the conditional contain the word if. Many conditional forms in English are used in sentences that include verbs in one of the past tenses. This usage is referred to as "the unreal past" because we use a past tense but we are not actually referring to something that happened in the past.

Conditional | English Grammar | EF
"Wish" (in the present tense) can be added to a sentence in the third conditional to express a more ideal result and past perfect verbs, again either positive or negative, accompany the subject of these sentences. The past unreal conditional sentence structure with "wish" is: Subject + "wish[es]" + subject + past perfect verb + object[s].

Past Unreal Conditional Form Examples - ThoughtCo
The present real conditional (also called conditional 0) is used to talk about what you normally do in real-life situations. Examples: If I go to a friend's house for dinner, I usually take a bottle of wine or some flowers.

Present Conditional Forms | ENGLISH PAGE
Exceptions and Special Cases When Using Conditional Sentences As with most topics in the English language, conditional sentences often present special cases in which unique rules must be applied. Use of the Simple Future in the If-Clause Generally speaking, the simple future should be used only in the main clause.

Conditional Sentences | Grammarly Blog
Prototypical conditional sentences in English are those of the form "If X, then Y". The clause X is referred to as the antecedent (or protasis), while the clause Y is called the consequent (or apodosis). A conditional is understood as expressing its consequent under the temporary hypothetical assumption of its antecedent.

English conditional sentences - Wikipedia
Zero conditional sentences can come in many forms. But since they are based in fact, they only share past and present situations, NOT possible future situations. So, we write them using a combination of past and present tenses. Present Tense. In many zero conditional sentences, both clauses are in the present simple tense, like this:

Conditional Sentences: Examples and Definition
First conditional and Second conditional refer to the present or future. However second conditional sentences suggest it is less probable or imaginary. Third conditional refers to the past. There are MORE than these 4 types of conditional sentences though these are the ones that are used the most.

Conditional Sentences and IF clauses - Woodward English
The type 3 conditional refers to an impossible condition in the past and its probable result in the past. These sentences are truly hypothetical and unreal, because it is now too late for the condition or its result to exist. There is always some implication of regret with type 3 conditional sentences.

Type 3 Conditional | English Grammar | EF
That means a past unreal conditional will often have two contractions in it — an extra challenge for English learners. Sometimes speakers want to express how something that did not happen in the...
