Sprint Summary - Four Minute Books

Math Sprints Workbook is a series of 6 books.. The Singapore Math curriculum stresses the use of mental math. These sprint books are written with that in mind and are useful to all elementary teachers interested in developing mental math fluency in their children.. These books were originally written for use in a classroom situation.

Math Sprints - singaporemath.com

The problems in a sprint are sequenced from easiest to hardest. The numbers should also reflect a pattern that will help them, but mix it up at times to ensure that they are thinking. The smaller sprints may be helpful for younger students who would benefit from learning the process with a smaller set of questions.

Math Sprints has been a very important tool in this process. (Workbook 3 is appropriate for a late 3rd grade, early 4th-grade student). Math Sprints is not a curriculum but is a supplement to help students practice mental math.

Math Sprints, Workbook 1: Tricia Salerno: 9781932906363 ...

Originally written for classrooms, instructions are included on how to give a 'sprint' for one child. The A sheet of each sprint is easier than the B sheet. If you look closely at the A and B sheets of each sprint, the answers to the problems are the same; many of the problems on the B sheets, however, require more mental calculation, allowing you to customize the level of difficulty for your child.
