### Intensive Care and Critical Care Medicine | medRxiv

Intensive care medicine, also called critical care medicine, is a medical specialty that deals with critically ill patients who have, are at risk of, or are recovering from conditions that may be life-threatening. It includes providing life support, invasive monitoring techniques, resuscitation, and end-of-life care. Doctors in this specialty are often called intensive care physicians, critical care physicians or intensivists. Intensive care relies on multidisciplinary teams composed of many dif
