Exciting news from Bela Ban as JGroups

# Online Library Jboss 61 Documentation

5.0.0.Final is released. JGroups 5 brings lots of improvements and some major API changes. Perhaps the biggest change is that Message is now an interface with a number of subclasses that perform late marshalling so object payload is serialized at the point when messages are sent, which eliminates a memory allocation and makes JGroups

# Online Library Jboss 61 Documentation

performance even better.
