How To Reset Oil Light On Suzuki Outboards (Quick and Simple)

Anyway the post earlier was based on the specs from each motor on Suzuki's

Access Free Suzuki Df 20 Ai Service Manual

website. I was able to dig a little bit deeper to find the exact differences between the two from the Suzuki Parts catalog DF15A/20A. The 15 has a restrictor plate in the inlet manifold where the 20 has silencer seal and a flame arrestor. pages 15 and 16 of 66.

The little Suzuki delivers this in spades. The benefit of the weight of the engine is that I could opt for a 20hp rather than the 15hp I had. The Walker Bay hull will do about 20 knots regardless of whether you have a 15 or a 20 but the extra HP comes into its own
