Egyptian inventions and discoveries are objects, processes or techniques which owe their existence either partially or entirely to an Egyptian person. Often, things which are discovered for the first time, are also called "inventions", and in many cases, there is no clear line between the two. Below is a list of such inventions.

List of Egyptian inventions and discoveries - Wikipedia

A vast number of patents, trademarks, and copyrights are established on any given day in history, but each day of the year has at least one famous invention that was officially recognized on that day. Obviously, we can't go into all 365 days of the year in this article, so let it serve as a guide for navigating our calendar of famous inventions.
