costs threatened to consume the entire federal budget. It made the cost of preventive care unaffordable. That sent many low-income people to the emergency room, raising costs even higher.

Why We Need Health Care Reform in the US

File Type PDF The Future Of Healthcare Reform In The United States

Healthcare reform may become another result of the pandemic. As millions lost their jobs, they also lost their healthcare insurance. These changes are a political issue, outside the control of healthcare clinicians. How or if anything changes remains unknown. But reform could radically change the delivery of healthcare in the United States and the
