With this integration,

Access Free Visual Studio 2017 Team Foundation Server 2017 Visual

you can perform many source control operations without having to run Visual Studio or a Team Foundation command-line tool. This release requires a computer with Visual Studio 2017 and all of the Visual Studio system requirements. It supports all TFS Server versions that are supported by Visual Studio 2017:

Visual Studio Team Explorer 2017 (VSTE) is a rich, standalone client to interact with Team Foundation Server (TFS), Visual Studio Team Services (VSTS) and Local Git Repositories. It is free for any user and the installation only includes Team Explorer so you can access repositories without Visual Studio IDE.
