### **Apple HomePod review: locked in - The Verge**

Apple's HomePod smart speaker is getting some new capabilities, including an intercom feature and multi-user voice recognition for podcasts, as part of the device's latest software update.

### **Apple updates HomePod with intercom and other new features ...**

The HomePod is Apple's take on the smart speaker. The design is very Apple, so is the entire thinking around the product. It has a stunted cylindrical look and is much smaller than the Echo Studio which it will compete with in the Indian market. The fabric finish is soft and the speaker has a slight cushiony feel when you hold it.

### **Apple HomePod review: Listen to what you love, the way you ...**

The ultimate music authority. HomePod is built to bring out the best in Apple Music. 1 With the intelligence of Siri and access to over 60 million songs, it learns what you like and helps you discover more music you'll love. And that takes the listening experience to a whole new level.

### **HomePod - Apple**

The HomePod Mini for starters is a cute, little round boy. From what we could tell from the event, it doesn't have quite as many drivers as the original HomePod, but Apple is promising that it's...
