## White Space Is Not Your Enemy A

Knowing how to use white space can be an effective tool in your design arsenal. Let's start by addressing the elephant in the room – white space (also known as negative space) isn't actually white. Don't be fooled, it's a common misconception that prevents many people from utilizing this essential design principle.

Both of them are referring to one thing: White Space.

Oftentimes, white spaces are overlooked.

It is even known as a negative space which refers to the open

space between design elements. These are

the spaces not occupied with text, images or other visual elements.
